Independent Auditor's Report

To the Board of Directors Choice Foundation, a Non-Profit Organization New Orleans, Louisiana

We have audited the accompanying statement of financial position of Choice Foundation, a Non-Profit Organization (the Foundation), as of June 30, 2011, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Choice Foundation, a Non-Profit Organization, as of June 30, 2011, and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated October 11, 2011, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Performance and Statistical Data included as Schedules 1 through 9, are not a required part of the basic financial statements, but are supplementary information required by Louisiana State law. We have applied certain limited procedures, which are described in the Independent Accountant's Report on Applying Agreed-Upon Procedures. However, we did not audit this information and, accordingly, express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements of Choice Foundation, a Non-Profit Organization, taken as a whole. The accompanying supplemental information is presented for the purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

Choice Foundation, a Non-Profit Organization (the Foundation), d/b/a Lafayette Academy Charter School and Esperanza Charter School, incorporated on November 29, 2004, is an educational institution organized to inform and educate citizens of Louisiana on how school choice initiatives can improve primary education in Louisiana.

The Louisiana Board of Elementary and Secondary Education (BESE) approved the granting of a charter to the Foundation to operate Lafayette Academy Charter School effective September 26, 2006, for an initial term of three years which terminated on June 30, 2009. BESE granted the Foundation a two-year extension of Lafayette Academy Charter School's charter contract which terminated on June 30, 2011. In October 2010, BESE granted the Foundation a three-year extension of Lafayette Academy Charter School's contract to operate a Type 5 Charter School in the Louisiana Recovery School District, as defined in the LA R.S. 17:3992 and 3998. This extension was pursuant to the Evaluation Framework and applicable provision of Title 17, Chapter 42 of the Louisiana Revised Statutes and is currently scheduled to expire June 30, 2014.

The Louisiana Board of Elementary and Secondary Education (BESE) approved the granting of a charter to the Foundation to operate Esperanza Charter School effective July 1, 2010, for an initial term of three years, which terminates on June 30, 2013. BESE shall conduct a third-year evaluation of Esperanza Charter School and may grant a two-year extension of the charter school contract to operate a Type 5 Charter School in the Louisiana Recovery School District, as defined in the LA R.S. 17:3992 and 3998. Upon completion of the School's fifth year of operation, the charter contract may be renewed at the discretion of BESE pursuant to the Evaluation Framework and applicable provision of Title 17, Chapter 42 of the Louisiana Revised Statutes.

A summary of the Foundation's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Financial Statement Presentation

The Foundation follows the guidance of the *Not-for-Profit Entities* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). The Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted. In addition, the Foundation is required to present a statement of cash flows.

The Foundation also follows the guidance of the *Not-for-Profit Entities* Topic of the FASB ASC, whereby contributions received are recorded as unrestricted, temporarily restricted or permanently restricted, depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the donor-imposed time or purpose restrictions. Restricted contributions are classified as unrestricted if the restriction was met in the same year the contribution was made.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported on the financial statements. The financial statements of the Foundation are prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred. All significant receivables, payables and other liabilities are reflected.

Cash and Cash Equivalents

Cash, which is held in interest bearing accounts, consists of both unrestricted and restricted balances. Unrestricted cash balances represent cash available for general operating purposes.

The Foundation classifies all highly liquid debt instruments with an initial maturity of three months or less to be cash equivalents.

Receivables

The receivables are stated at the amount management expects to collect from outstanding balances. The financial statements do not include an estimate for allowance for doubtful accounts, as management believes all remaining receivables are fully collectible.

The Foundation received various state and federal grants to fund programs and operations. The grants are on a reimbursement basis and grants receivable at year end are stated at unpaid balances for expenditures incurred during the year.

Contributions and Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted, depending on the existence and/or nature of any donor restrictions.

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Revenues from federal and state grants are recorded when the Foundation has a right to reimbursement under the related grant, generally corresponding to the incurring of grant-related costs by the Foundation, or when earned under the terms of the grants. An accrual is made when eligible expenses are incurred.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Contributions and Revenue Recognition (Continued)

The Foundation's primary source of funding is through the State Public School Fund. The Foundation received \$8,900,322 from the State based on eligible students in attendance on a monthly basis. State and Federal grants are on a cost reimbursement basis. An accrual is made when eligible expenses are incurred.

In-Kind Donations

The Foundation records in-kind value of goods and services contributed to support various activities as support and related expenses. In-kind support was estimated at \$5,767 for the year ended June 30, 2011, which included donations for professional services.

Property and Equipment

All acquisitions of property and equipment in excess of \$1,000 and betterments that naturally add to the value of related assets or materially extend the useful lives of assets are capitalized. Normal building maintenance and minor equipment purchases are included as expenses of the Foundation. Depreciation is calculated using the straight-line method over the remaining term of the charter school contract not to exceed the estimated useful lives of the assets. Assets purchased with public funds will revert to the Louisiana Department of Education at the time this agreement is terminated. See Notes 6 and 7.

Income Taxes

The Foundation is recognized by the Internal Revenue Service as a Section 501(c)(3) tax-exempt organization.

Advertising Costs

Advertising costs are charged to expense when the advertising first takes place. Advertising expense totaled \$9,742 for the year ended June 30, 2011.

Compensated Absences

All teachers and staff are provided 10 days of paid annual sick leave. If an employee continues employment, any unused days remaining at June 30th of each year are reported to Teacher Retirement Services of Louisiana to be accumulated into the employees total days worked for retirement purposes. If the employee terminates at June 30th, the remaining days are forfeited. Accordingly, the Foundation does not recognize a liability for accumulated compensated absences.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements

Note 2. Concentrations

The Foundation received 71% of its revenues for the year ended June 30, 2011, from the State of Louisiana, subject to its charter agreement with the state.

The Foundation periodically maintains cash in bank accounts in excess of insured limits. The Foundation has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

Note 3. Restrictions on Assets

Temporarily restricted net assets are restricted by donors for specific programs, purposes, or to assist specific departments of the Foundation. These restrictions are considered to expire when payments for restricted purposes are made. None of the temporarily restricted net assets are time-restricted by donors.

Temporarily restricted net assets at June 30, 2011, available for instructional and other purposes, totaled \$27,174.

Note 4. Grants Receivable

As of June 30, 2011, grants receivable totaled \$892,394, which was a receivable for federal and state grants passed through the Louisiana Department of Education. The stated balance is considered to be fully collectible.

Note 5. Retirement Plan

Certain employees of the Foundation participate in the Teachers' Retirement System of Louisiana (TRSL). The TRSL is a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. Pertinent information relative to the plan follows:

Plan Description

The TRSL provides retirement benefits as well as disability and survivor benefits. Ten years of service credit are required to become vested for retirement benefits, and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The TRSL issues a publicly available financial report that includes financial statements and required supplementary information for the TRSL. That report may be obtained by writing to the Teachers' Retirement System of Louisiana, P.O. Box 94123, Baton Rouge, LA 70804-9123.

Notes to Financial Statements

Note 5. Retirement Plan (Continued)

Funding Policy

Plan members are required to contribute 8% of their annual covered salary. The Foundation is required to contribute at an actuarially determined rate. The current rate is 20.2% of annual eligible covered payroll. Member contributions and employer contributions for the TRSL are established by state law, and rates are established by the Public Retirement System's Actuarial Committee. The Foundation's contribution to the plan for the years ended June 30, 2011, 2010 and 2009 was \$827,632, \$733,103 and \$668,455, respectively, which is equal to the required contribution.

Note 6. Property and Equipment

All assets acquired with Louisiana Department of Education funds are owned by the Foundation while used in the purpose for which it was purchased. The Louisiana Department of Education, however, has a reversionary interest in these assets. Should the charter not be renewed, title in any assets purchased with those funds will transfer to the appropriate agency. Depreciation expense totaled \$821,802 for the year ended June 30, 2011.

Note 7. Leases

Effective September 26, 2006, the Foundation entered into an agreement with the State of Louisiana, Department of Education, Recovery School District, which allows the Foundation to use the facilities and its contents located at 2727 South Carrollton Avenue, New Orleans, Louisiana 70118. The lease agreement is a component of Lafayette Academy School's charter agreement and is currently scheduled to expire on June 30, 2014.

Effective July 1, 2010, the Foundation entered into an agreement with the State of Louisiana, Department of Education, Recovery School District, which allows the Foundation to use the facilities and its contents located at 4407 South Carrollton Avenue, New Orleans, Louisiana 70119. The lease agreement is a component of Esperanza Charter School's charter agreement and is currently scheduled to expire on June 30, 2013.

Alterations made by the Foundation shall not diminish the value of the property at the time the alterations are approved, unless agreed upon by the State of Louisiana, Department of Education, Recovery School District and the Foundation. Any physical additions or improvements to the property will become property of the State of Louisiana, Department of Education, Recovery School District. The State of Louisiana, Department of Education, Recovery School District may require, at the expense of the Foundation, to remove these physical additions or improvements.

Notes to Financial Statements

Note 7. Leases (Continued)

Non-capital assets acquired by the Foundation with non-public funds will remain the property of the Foundation. Assets purchased with public funds obtained from public sources will automatically revert to the Board of Elementary and Secondary Education at the time this agreement is terminated.

The Foundation must maintain records of any assets acquired with private funds that will remain the property of the Foundation.

The Foundation is responsible for all necessary maintenance to ensure that the facilities comply with all state and local health and safety standards and other applicable laws, regulations and rules.

Use of the property is not recorded as an in-kind contribution from or related rent expense to the State of Louisiana, Department of Education, Recovery School District. The value of the use of land and the building is not readily determinable. The agreement is classified as an exchange transaction because both parties receive significant value from this arrangement. Accordingly, the present value of the benefit to be received in future years has not been recorded.

Note 8. Line of Credit

Lafayette Academy Charter School has a \$200,000 line of credit with Capital One Bank. The line carries a variable rate of interest payable monthly at the Wall Street Journal prime rate (3.25% at June 30, 2011), plus 1% adjusted daily. The note is unsecured. The line of credit was unused at June 30, 2011.

Esperanza Charter School has a \$200,000 line of credit with Capital One Bank. The line carries a variable rate of interest payable monthly at the Wall Street Journal prime rate (3.25% at June 30, 2011). The note is unsecured. The line of credit was unused at June 30, 2011.

Note 9. Minimum Foundation Program (MFP)

The State of Louisiana provides funding which is determined on an annual basis based on the number of pupils enrolled in the Foundation as of October 1st. This state-funded per pupil allocation is based on the most recently approved minimum foundation program formula resolution. For the year ended June 30, 2011, the Foundation recognized revenue of \$4,051,662.

Notes to Financial Statements

Note 9. Minimum Foundation Program (MFP) (Continued)

The Orleans Parish School Board (OPSB) provides funding to the State of Louisiana collected from local agencies, which passes through to the Foundation as Local MFP, which is determined on an annual basis based on the number of pupils enrolled as of October 1st. Revenues received by OPSB from sales tax revenues, ad valorem taxes, and other sources are allocated to each school based on its enrollment. For the year ended June 30, 2011, the Foundation recognized revenue of \$4,848,660.

Note 10. Commitments

The Foundation has employment contracts, as are standard in the field of education, with most of its employees. The contracts for the current year expired June 30, 2011. All contracts provide for a minimum annual salary and benefits.

Note 11. Risk Management

The Foundation is exposed to various risks of loss from torts; thefts of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters. There were no settled claims that exceeded this commercial coverage during the current year ended June 30, 2011.

Note 12. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 11, 2011, and determined that the following events occurred and required disclosure.

Effective July 1, 2011, Lafayette Academy Charter School is no longer participating in the Teachers' Retirement System of Louisiana (TRSL) and both Lafayette Academy Charter School and Esperanza Charter School have joined a 401K retirement plan that was established by Choice Foundation. Because of the effective date of July 1, 2011, no retirement contributions were made for Esperanza Charter School employees during the fiscal year ended June 30, 2011. As such, the board successfully voted to accrue the 5% employer contribution for Esperanza employees under the new 401K retirement plan for the fiscal year ended June 30, 2011, totaling \$34,874.

Notes to Financial Statements

Note 12. Subsequent Events (Continued)

During June 2011, the Foundation was awarded an Investing in Innovation (i3) 2012 School Opening Grant in the amount of \$887,198. This is a reimbursable grant contingent upon the assignment to and acceptance of a designated turn around school by the Recovery School District for the 2012-2013 school year opening under management of the Foundation.

No other subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 13. Uncertain Income Taxes

The Foundation's 2007, 2008 and 2009 tax returns were filed appropriately. As of October 11, 2011, the Foundation had not filed their 2010 tax return. The Foundation recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense. The Foundation's tax filings are subject to audit by various taxing authorities. The Foundation's open audit periods are 2007 through 2009. Management has evaluated the Foundation's tax position and concluded that the Foundation has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors Choice Foundation, a Non-Profit Organization New Orleans. Louisiana

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of Choice Foundation, a Non-Profit Organization, and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of Choice Foundation, a Non-Profit Organization, and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE) Bulletin. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings that relate to the accompanying schedules of supplemental information are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)

- 1. We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following accounts reported on the schedule:

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Choice Foundation, a Non-Profit Organization New Orleans, Louisiana

We have audited the financial statements of Choice Foundation, a Non-Profit Organization (the Foundation), as of and for the year ended June 30, 2011, and have issued our report thereon dated October 11, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, the board of directors, others within the Foundation, the Louisiana Legislative Auditor and federal awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors Choice Foundation, a Non-Profit Organization New Orleans, Louisiana

Compliance

We have audited the compliance of Choice Foundation, a Non-Profit Organization (the Foundation), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement, that could have a direct and material effect on each of the Foundation's major federal programs for the year ended June 30, 2011. The Foundation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Foundation's management. Our responsibility is to express an opinion on the Foundation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School's compliance with those requirements.

In our opinion, the Foundation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Foundation's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Directors, the Louisiana Legislative Auditor, the Louisiana Department of Education, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
